Come One... Come All... All Are Welcome!

We Welcome Special Guest: Susan Tully
Special Projects / Law Enforcement Relations Manager
Federation for American Immigration Reform (FAIR)

“You Can’t Have Homeland Security Until You Secure the Homeland”

As taxpayers, we are paying for Homeland Security but that is not what we are getting. It’s bait and switch. Our nation is defined by a perimeter and the ability to control it. The founding purpose of our Federal Government was to provide security to the people within her boundaries.

Under Joe Biden, this Federal Government is intentionally leaving the perimeter of our nation open to anyone, without question, to come and live, rape or pillage. And that is exactly what is happening. The influx of illegal aliens across the country are shielded by local jurisdictions with policies that restrict state and local police from cooperating with federal authorities.

Susan is the Special Projects/Law Enforcement Relations Manager at FAIR (Federation for American Immigration Reform). She joined FAIR in 2002 and has since traveled the country managing FAIR’s extensive national field program, working with concerned citizens to improve our immigration policies and border security.

Susan is a former business owner, Manager for municipal code enforcement, Immigration Coordinator for the Coalition of Government Officials in Southern California, and President of Citizens Committee for Immigration Policy.
